Medals

The number of competing teams must exceed the number of medals by at least one. So, if there are three competing teams, only Gold and Silver medals will be awarded.

Assembly of teams

There are three types of teams, and the rules for assembling them are described in the following table.

- Club teams
- Nation teams
- Nordic teams

Type of team	Eligible archers	How is team assembled	Comments
Club team	Archers from the same club.	Must be registered prior to the event. Deadline for changes are Saturday 8:00 to num2016dk@gmail.com	Changes to the team after deadline is not possible, and archers cannot be moved into the nation or Nordic pool.
Nation team	Archers from the same country	Will be formed automatically based on qualification results.	Will be named <Nation 1>, <Nation 2>, ... etc. Remaining archers will be moved to Nordic pool
Nordic team	All	Will be formed based on qualification results from remaining archers that were not included in Nation teams	Will be named Nordic 1, ... Partial teams (number of archers =2) are allowed.

Archers not participating in the team competition

An archer may decide not to participate in the team competition. The archer's qualification score will still be used to set the seeding of the relevant Nation team, but the archer will not be included when teams are assembled.

If an archer does not want to participate in the team competition, the deadline for notifying the competition office is 15 minutes after the end of the qualification shooting. Mail: num2016dk@gmail.com

While we encourage archers to participate in the team competitions, we will appreciate it if you can inform us as soon as possible, if an archer does not want to take part in the team competition.

Competition schedule

The precise schedule will be announced later, but the team eliminations will begin immediately after the qualification shooting, and continue throughout Saturday afternoon.

Team Bronze and Gold finals, and any remaining eliminations are scheduled for Sunday afternoon, after the individual finals.
